

BIODIESEL AUTO SHOW NOVEMBER 5, 2006

join O2 michigan and the Environmental House November 5, 2006 from 1-4 pm at the Environmental House: 2420 S. Industrial Hwy, Ann Arbor, MI 48104 [734.662.6288]

hear:

- ★ Q&A with Jim Leidel, Energy Manager at Oakland University and organizer of a Biodiesel Co-op

and see:

- the *conscientious cruiser*: a biodiesel bus, originally a University of Michigan bus converted into a mobile greenbuilding demonstration center!
- the *Brines Farm official dump truck*: operated by local earth friendly farmer Shannon Brines (www.brines.net)
- no less than 2 classy *Mercedes Bio-Benz* that were purchased for less than \$3500!
- and many others have been invited!

? so whats special about a Biodiesel vehicle ? Nothing! Its really the fuel that is different. Diesel engines can run Biodiesel unmodified. Here are some websites for more information:
